MEMORANDUM FOR ALL JBLE PERSONNEL AND RESIDENTS, REGARDLESS OF
SERVICE COMPONENT

SUBJECT: COVID-19 Pandemic – Third Renewal of Restriction of Movement and Restriction
of Base Access Orders

1. On 19 June 2020, I amended my Joint Base Langley-Eustis (JBLE) Restriction of Movement and Restriction of Base Access Orders to reflect optimism that the spread of COVID-19 was slowing in the JBLE community. Unfortunately, since my amendment on 18 June 2020, current data reflects a concerning uptick of COVID-19 cases within the last week, both at JBLE and in our local and national communities. With this threat to our combat readiness, we must stay the course with our measured approach to fight COVID-19. My Public Health Emergency Team will continue to evaluate measures on a weekly basis.

2. Effective **1 July 2020**, I renew the JBLE Restriction of Movement and Restriction of Base Access Renewal Orders with the following authorizations:

a. **Restriction of Movement.**

i. **On-base Gatherings.** All public or private in-person gatherings are limited to no more than **50 persons**, as long as they comply with required social distancing protocols and wear of cloth face coverings. This includes, but is not limited to, all non-mission essential gatherings held on JBLE, to include changes of command, retirements, unit social activities, and other ceremonial or morale-focused events.

ii. **Off-base Gatherings.** All Active Duty personnel must comply with state, local, and DoD directives while off-base, to include wear of cloth face coverings when required. Civilian employees, contractors, family members, and military dependents residing or traveling off-base are encouraged to adhere to guidelines issued by state, local, and DoD authorities, to include wear of cloth face coverings when required.

b. **Restriction of Base Access.** DoD ID Card holders, to include Retirees and Veteran Health Identification Card (VHIC) holders, will continue to have access to the installation on Mondays, Tuesdays, and Fridays. Mission critical personnel will have daily access to the installation, along with the categories of personnel articulated in my previous JBLE PHE orders.

3. Unless terminated or renewed by me sooner, this renewal automatically will terminate 30 days from the effective date.

4. To the extent this directive is inconsistent with the other JBLE PHE orders, the information herein prevails. All JBLE PHE orders remain in effect. This renewal does not limit local commanders from issuing more restrictive measures to promote good order and discipline, mission accomplishment, and/or to promote the overall health and safety of their units.

5. I am well aware of the many hardships our community have endured in our fight against COVID-19, but I assure you the safety of the JBLE community is of utmost importance. By following applicable public health guidance such as social distancing protocols, proper hygiene, and use of cloth face coverings, together we can fend off this recent spike in COVID-19 cases, mitigate the spread, and protect JBLE's missions.

CLINTON A. ROSS, Colonel, USAF
Commander
