About Joint Base Langley-Eustis

Joint Base Langley-Eustis (JBLE) is comprised of more than 20,000 Air Force, Army, and civilian personnel serving in more than 60 organizations. JBLE provides both mission-ready Airmen and Soldiers who deploy at a moment's notice to support Combatant Commanders engaged in expeditionary, joint, and coalition operations worldwide.

The major components of JBLE provide combat airpower to America's warfighting commands; develop, educate, and train Soldiers, civilians, and leaders; provide installation support; operate and maintain the F-22 Raptor and T-38 Talon; operate and maintain the Air Force Distributed Common Ground System; transport and facilitate critical expeditionary mission assets; command, control, and defend the Eastern region of the LandWarNet; and plan and execute the surface delivery of equipment and supplies.

JBLE continually liaises with the surrounding community. The 17 counties, cities, and towns in the Hampton Roads region, along with numerous private and public organizations, provide JBLE with an outstanding community network. Our community partners provide tremendous support in countless ways through awards and recognition programs on and off base, military appreciation events, and scholarships. In turn, JBLE remains a strong partner within the area, with many of our Airmen, Soldiers, and civilians providing hundreds of volunteer hours to local organizations, and becoming strong ambassadors within the community. Locally, JBLE accounts, directly and indirectly, for thousands of jobs in the Commonwealth of Virginia.

JBLE remains an economic engine and will continue to be good stewards as we strengthen and build our community relationships for our Airmen, Soldiers, civilians, and Hampton Roads families.

Joint Base Langley-Eustis

Economic Impact Analysis Fiscal Year 2016

Permanent Party Personnel

Military Personnel

Air Force	8,055
Army	5,585
Virginia Air National Guard	954

Total Military Personnel 14,747

TOTAL ANNUAL ECONOMIC IMPACT Joint Base Langley-Eustis FY16

Grand Totals

Annual Payroll	\$1,471,236,935
Annual Expenditures	\$178,175,813
Value of Jobs Created	\$470,051,218

The mathematical formulas used for the computations were developed by the Deputy Assistant Secretary of the Air Force for Cost and Economics, based on the Office of the Secretary of Defense EIA model. All data and computations strive to fairly represent the economic impact of JBLE. For those areas where actual data was not available, estimates were made using historical data and published Air Force or other federal government statistical factors.

Expenditures and Permanent Party Payroll
