ABOUT US

Joint Base Langley-Eustis consists of more than 18,000 Air Force, Army & civilian personnel serving in more than 60 organizations. JBLE provides mission ready Airmen & Soldiers who deploy to support combatant commanders engaged in operations worldwide.

As a power projection platform, JBLE units provide combat airpower to America's warfighting commands; develop, educate & train Airmen, Soldiers, civilians, and leaders; provide installation support necessary to operate & maintain the F-22 Raptor & T-38 Talon weapon platforms; operate & maintain the Air Force Distributed Common Ground System; transport critical expeditionary mission assets; command, control & defend the Eastern region of the U.S. Army LandWarNet; and plan & execute surface delivery of materials.

The joint base serves as a lynchpin in the local community and maintains open dialogue with 17 counties, cities, and towns within the Hampton Roads region. Many choose Hampton Roads as a permanent location becoming ambassadors within the community and business leaders.

Joint Base Langley-Eustis accounts, directly and indirectly, for thousands of jobs in the Tidewater area of the Commonwealth of Virginia. Projections show no deviation from this course and the installation is poised to be an economic engine that will continue to strengthen and build our community for generations to come.

Joint Base Langley-Eustis

**Economic Impact Analysis
Fiscal Year 2024**

U.S. AIR FORCE
