PREAMBLE

In accordance with 5 United States Code, Chapter 71, and all its existing and future amendments, the following articles of this Agreement, together with all supplemental agreements and amendments which may be agreed to at later dates, constitute an agreement by and between the following organizations: Headquarters, United States Army Training and Doctrine Command, Army Capabilities Integration Center, the United States Center for Initial Military Training, and the Mission and Installation Contracting Command, Field Directorate Office at Fort Eustis, Virginia, collectively referred to as the "**Employer**"; and the National Association of Government Employees, Local R4-12, referred to as the "**Union**". Collectively, the Employer and the Union shall be known as the "Parties".

PURPOSE

SECTION 1. The well-being of employees and the efficient and economical operation of the Employer require that orderly and constructive relationships be maintained between the Employer and the Union. The input from employees and the Union in the formulation and implementation of Employer policies and procedures affecting them, contributes to the effective conduct of public business. The Parties to the Agreement recognize that they must assume great responsibilities and must exercise proper restraint and good judgment to establish a stable and meaningful relationship based upon the Agreement. It is the purpose of this Agreement, therefore:

- a. To identify the Parties to the Agreement and define their respective roles and responsibilities under the Agreement.
- b. To state the policies, procedures, and methods that will hereafter govern the working relationships between the Employer and Union.

SECTION 2. It is intended that the Agreement will meet the following objectives:

- a. Ensure fulfillment of the Parties' obligations under the Statute to include bargaining in good faith to promote good relations.
- b. Provide for the highest degree of efficiency and responsibility in the accomplishment of the mission of the Employer.
- c. Promote employee-management cooperation.

d. Facilitate the adjustment of disputes, grievances, impasses and appeals.

SECTION 3. The public interest requires high standards of employee performance together with the continual development and implementation of modern and progressive work practices to improve efficiency. The Union, as the representative of the employees, agrees to support the Employer in these efforts.

SECTION 4. The Parties agree that supervisors and employees should conduct themselves professionally and foster a positive work environment.

SECTION 5. It is recognized by all Parties that in order to bring about the stated purpose of this Agreement and preserve the public trust in carrying out the mission of the activities, a cooperative and constructive relationship must exist between the Union and the Employer.

ARTICLE 1 PARTIES TO THE AGREEMENT

SECTION 1. The Employer shall recognize the Union as the exclusive bargaining representative for all employees included within the recognized bargaining unit.

SECTION 2. The recognized bargaining unit is comprised of all employees of the Employer, except as excluded below.

SECTION 3. The following employees are excluded from the bargaining unit described above and from the coverage of this Agreement: (IAW 5 U.S. Code §7112 (b) (2), (3), (4), (6) and (7))

- a. Management officials;
- b. Supervisors;
- c. Employees engaged in personnel work in other than a purely clerical capacity;
- d. Professional and Confidential employees;
- e. Non-Appropriated Fund employees;
- f. Security guards;
- g. Casual, temporary and term employees;
- h. Any employee engaged in intelligence, counterintelligence, investigative or security work which directly affects National Security;

i. Any employee primarily engaged in investigation or audit functions relating to the work of individuals employed by an agency whose duties directly affect the internal security of the agency.

ARTICLE 2 PROVISIONS OF LAWS AND REGULATIONS

SECTION 1. It is agreed and understood by the Employer and the Union that in the administration of all matters covered by this Agreement, officials and employees, are governed by existing and future laws, executive orders and regulations in existence at the time this Agreement is approved and subsequently published policies and regulations required by law or by regulations of appropriate authorities.

SECTION 2. The fact that the Union agrees to published policies and regulations in existence at the time the agreement is approved does not preclude the Union from requesting to meet and negotiate to the extent required by law on any future policy and regulation. The Employer should give the Union the notice of change in existing rule, regulation that they are promulgating in order to engage in proper Impact and Implementation (I&I) over the change.

ARTICLE 3 MATTERS APPROPRIATE FOR NEGOTIATIONS OR CONSULTATION

SECTION 1. It is agreed and understood that matters appropriate for negotiation between the Employer and the Union are personnel policies, practices, and matters affecting conditions of employment of employees which are within the discretion of the Employer, including, but not limited to such matters as safety, training, labor management relations, employee services, methods of resolving grievances, leave, promotion practices, demotion practices, pay practices, reduction-in-force practices, all workforce shaping tools and practices, hours of work, and impact of abolishing position(s).

SECTION 2. It is recognized that this Agreement is not all-inclusive. The Employer agrees to provide the Union the opportunity to negotiate prior to implementing new policies, or changing any existing policies or practices. All impact and implementation (I&I) agreements will clearly establish the duration of the agreement and/or an expiration date. If either party finds current policy where the duration is not clear, the policy will be amended to make the duration evident and will I&I content if appropriate. The Union will be provided a copy of the revised policy and may request negotiations. To the extent revised policy change conditions of employment for bargaining unit members the Union will be offered the opportunity to request I&I negotiations. It is the Employer's intent to ensure fair and equitable treatment of all employees and partner with the Union to ensure such occurs.

SECTION 3. Either party has the right, at reasonable times, to confer with the other concerning subjects appropriate for consultation or negotiation as outlined in Section 1 above. The party desiring a meeting shall give reasonable notice to the other party specifying the subject matter to be discussed and, if appropriate, summarizing the incident or condition, if any, which necessitates the meeting.

SECTION 4. Prior to implementing any proposal impacting personnel, policies, practices, and matters, whether established by rule, regulation or otherwise, affecting bargaining unit employees' working conditions, management will notify the Union in writing. The Union will be afforded no less than fourteen (14) days to request I&I bargaining. The notification will indicate the proposed change and the planned implementation date, which will not be before the fourteen (14) days to request bargaining unless extenuating circumstances prevents it.

SECTION 5. Issues regarding negotiability of an item under discussion will be resolved in accordance with applicable portions of laws, rules and regulations.

ARTICLE 4 PAST PRACTICES

SECTION 1. Past practices are defined as conditions of employment, not specifically covered by this Agreement, which are followed by both Parties or followed by one Party and known by the other Party but not challenged. To constitute the establishment by practice of a term and condition of employment, the practice must be a clear course of conduct consistently exercised for an extended period of time with the Employer's knowledge.

SECTION 2. Laws, Office of Personnel Management regulations and this Agreement take precedence over past practices. Other bona fide past practices are binding upon the Parties until changed through the negotiation process.

ARTICLE 5 LABOR-MANAGEMENT FORUMS AND PRE-DECISIONAL INVOLVEMENT

SECTION 1. The Parties agree that Federal employees and the Union are an essential source of good ideas and suggestions on how to best deliver government services, improve efficiency, effectiveness, and enhance customer service. In order to operationalize this basic tenet of positive labor-management relations, the Parties agree to regularly participate in a Labor Management Forum. The Labor Management Forum is a collaborative forum to discuss government operations and an opportunity for the Employer to extend Pre-Decisional Involvement (PDI). The Labor Management Forum

will provide Pre-Decisional Involvement in workplace matters, without regard to whether subjects are negotiable under 5 U.S. Code Chapter 71.

SECTION 2. In addition to the HQ TRADOC LMF, the Parties encourage Labor Management Forums in larger organizations (e.g., DCS G-3/5/7, Army Capabilities Integration Center, DCS G-8). Such forums facilitate the input of bargaining unit employees and the Union in matters impacting that specific organization.

SECTION 3. The Employer agrees to engage the Union in pre-decisional discussions regarding workplace matters to the fullest extent practicable, and to provide adequate information to the Union on such matters expeditiously (where not prohibited by law). Such matters may include, as examples, reorganizations, the need to achieve efficiencies and staff an organization to meet budget targets, or the adoption of new technologies and tools in the workplace.

SECTION 4. The Parties agree to convene semi-annually and on an ad hoc basis at the request of either party. The Parties will jointly develop and ratify an operating charter.

ARTICLE 6 ACCESS TO INFORMATION

SECTION 1. The Parties understand that access to current, accurate and complete information, transparency, and robust communications are the foundations upon which proactive and productive labor-management relations are built. To ensure supervisors and employees have access to the information they need to be effective in their jobs and to align their efforts with the Employer's mission, the Employer and the Union agree to exploit current technologies and multiple media sources to provide information.

SECTION 2. The Employer agrees to create and maintain a central repository for all policies, regulations, agreements, procedures, delegations of authority, and other reference materials that are relevant to personnel policies, practices and working conditions. The Union will be notified when new or revised material is posted to the website. The goal is to ensure appropriate reference materials are available to supervisors, employees and the Union, 24/7. This repository will be web-based and accessible. It will, as a minimum, include the collective bargaining agreement, Weingarten Rights, all HQ TRADOC policies which address matters related to working conditions, and TRADOC delegations of human resource authorities. Links will be provided to other websites that are of general interest to Federal civilians such as those maintained by the Office of Personnel Management, Department of Defense and Department of Army, the Civilian Human Resources Agency and local organizations. TRADOC Deputy Chief of Staff, G-1/4 staff will establish and maintain the web-site. The site will provide a link to a Union SharePoint site. The Union may request posting of information of the type outlined above on the DCS, G-1/4 web-site. Unless the material only addresses internal Union business, the Employer will favorably consider such

requests by expeditiously posting the requested information. In cases where the Union's request is denied, the Employer will provide written rationale for its decision not to post.

SECTION 3. The Employer will provide the Union with the capability needed to develop and maintain a SharePoint Portal that employees can access using their common access card. By providing this site, it is understood that the Employer does not support or discourage Union membership. The Union will control employee access to this SharePoint Portal to include providing access to two (2) DCS, G-1/4, Civilian Human Resources Directorate representatives who will periodically monitor the site for unauthorized material. The Union agrees to manage the content of this site and will not permit the posting of inappropriate information. Some examples include information that violates the Hatch Act, is defamatory, creates a hostile work environment, or otherwise violates published standards of conduct.

SECTION 4. The Employer will provide the Union, on a stand-by basis, the opportunity to have its representatives attend any locally available, government-sponsored, SharePoint training that can be provided at no-cost. If the Employer adopts software other than SharePoint to support knowledge management, collaboration and information sharing, the Union will be provided the new software and the network capability needed to generate a new replacement portal.

SECTION 5. Employees will be authorized reasonable amounts of duty time to access the central repository and any SharePoint portal the Union chooses to create, as long as such access does not detract from the employee's productivity and completion of important deadlines. If use is deemed excessive, the supervisor will provide the employee clear direction as to time limits.

SECTION 6. The Union may submit appropriate notices for posting to the scrolling electronic information board. When posted, the information will be presented in a format and size consistent with other information.

ARTICLE 7 EMPLOYER RIGHTS AND RESPONSIBILITIES

SECTION 1. Subject to Section 2 of this Article, nothing in this Agreement shall affect the authority of any management official of the Employer

a. To determine the mission, budget, organization, number of employees, and internal security practices of the employer; and

b. In accordance with applicable laws:

(1) To hire, assign, direct, layoff, and retain employees, or to suspend,

remove, reduce in grade or pay, or take other disciplinary action against such employees;

(2) To assign work, to make determination with respect to contracting out, and to determine the personnel by which Employer's operations shall be conducted;

(3) With respect to filling positions, to select for appointments from:

(a) Among properly ranked and certified candidates for promotion and hire; or

(b) Any other appropriate source;

(4) Subject to existing laws and regulations, to take actions necessary to carry out the Employer's mission during emergencies.

SECTION 2. Management and the Union agree that early and continual engagement is often beneficial to the organization and efficient mission completion. Nothing in this Article shall preclude the Employer and the Union from negotiating:

a. At the election of the Employer, on the numbers, types, and grades of employees or positions assigned to any organizational subdivision, work project, or tour of duty, or on the technology, methods, and means of performing work;

b. Procedures which management officials of the Employer observe in exercising any authority under this Article; or appropriate arrangements for employees adversely affected by the exercise of any authority under this Article by such management official.

ARTICLE 8 EMPLOYEE RIGHTS AND RESPONSIBILITIES

SECTION 1. The Employer and the Union agree to mutually establish and maintain an environment that promotes good workmanship, protects human dignity, encourages common courtesy, assures fair and equitable treatment of employees, and maintains high standards of employee performance. The Employer, in concert with the Union, will take timely action to correct and improve unacceptable conduct and performance, consistent with this Agreement.

SECTION 2. Employees shall have the right, regardless of Union membership, to bring matters of personal concern to the attention of appropriate officials in accordance with applicable laws, rules, regulations, or policy.

SECTION 3. Employees shall be protected in the exercise of, the right, freely and without fear of penalty or reprisal, to form, join and assist the Union, or to refrain from any such activity in accordance with 5 U.S. Code Chapter 71 and applicable laws and regulations. In the exercise of this right, employees shall be free from all interference, coercion, restraint, retaliation and discrimination. Union membership shall not be encouraged or discouraged by the Employer, any supervisor or management official. Employees may contact the Union on duty time, and may meet, subject to supervisory approval and mission requirements.

SECTION 4. Employees have the right to be represented by an attorney or by a representative, of their choice, in any action excluded from the Negotiated Grievance Procedure, Article 47.

SECTION 5. Nothing in this Agreement shall require an employee to become or to remain a member of the Union, or to pay money to the Union except pursuant to a voluntary, written authorization by a member for the payment of dues through payroll deduction as delineated in the Payroll Withholding of Union Dues, Article 54.

SECTION 6. Under the Weingarten Rights, the employee has the right to be represented by the Union at any examination, meeting or investigation by a representative of the Employer if the employee reasonably believes that the outcome may result in disciplinary action against the employee, and the employee requests such representation. Once the employee chooses to exercise this right, no further questioning or action will take place until the employee's representative is present. Pursuant to the Statute, employees shall be informed of this right annually.

SECTION 7. Consistent with the Access to Information Article 6, the Employer agrees to make its rules, regulations, policies and practices affecting employees readily available. Employees should regularly visit the DCS, G-1/4 web-site.

SECTION 8. The Employer or its designee will ensure all bargaining unit employees receive written notification of bargaining unit status and union contact information. The Union will provide updated contact information for distribution. The Civilian Personnel Advisory Center (CPAC) will provide a list of bargaining unit employees in-processed and their contact information to the Union within fourteen (14) days of in-processing. The Union will be afforded the opportunity to address new employees during any mass orientation or on-boarding that may be conducted. If orientation or on-boarding is conducted on an individual basis, union contact information will be provided to the employee.

SECTION 9. Employees have the freedom to exercise any right of appeal granted by law, rule, regulation, or this Agreement without fear of reprisal.

SECTION 10. The Employer will inform employees of all specific guidance or policies relevant to his job requirements.

SECTION 11. Employees are encouraged to bring violations of law, policy and/or regulation to the Employers' attention without fear of reprisal.

SECTION 12. An employee is accountable for the performance of official duties and compliance with standards of conduct for Federal employees. Within this context, the Employer reaffirms the right of an employee to conduct his private life as he deems fit provided such conduct does not discredit the Federal service or impair its efficiency. Employees are responsible for complying with Standards of Conduct prescribed in the Joint Ethics Regulation.

SECTION 13. In accordance with the Freedom of Information Act (FOIA) and the Privacy Act, employees may request any documents maintained in a system of records. The exercise of this right does not interfere with the Union's right to request the same information under 5 U.S.C. §7114 (b) (4) if deemed necessary.

ARTICLE 9 UNION RIGHTS AND OBLIGATIONS

SECTION 1. Consistent with 5 U.S. Code Chapter 71 and this Agreement, the Union is entitled to act for, or represent the interests of all bargaining unit (BU) employees, collectively or individually, described in Article 1 of this Agreement. The Union will accept all eligible employees as members without discrimination based on race, color, creed, national origin, sex, age, preferential or non-preferential civil service status, political affiliation, marital status, handicapping condition, or labor organization membership.

SECTION 2. The Union will be given the opportunity to be present at any formal discussion between a representative of the Employer and one or more BU employees concerning any personnel policy, practice, or other conditions of employment. Further, the Union will be given the opportunity to be present at any examination, meeting or investigation of an employee by a representative of the Employer in connection with an investigation if:

- a. The employee reasonably believes that the examination, meeting or investigation may result in disciplinary action against the employee; and
- b. The employee requests representation.

SECTION 3. The Parties will act collaboratively to increase productivity and the efficiency of government operations. The Union will encourage employees to maintain effective supervisor and employee communications and the highest standards of work productivity and quality.

SECTION 4. Consistent with the Negotiated Grievance Procedure, Article 47, the Union has the right to represent an employee or group of employees in presenting a grievance or other appeal or when raising matters of concern or dissatisfaction with management concerning conditions of employment. The Union has the exclusive right to represent employees under the Negotiated Grievance Procedure of this Agreement. An employee or group of employees may present a grievance without union representation. However, the Union must be notified and invited to all discussions and meetings that address any employee's issue. Any resolution must be consistent with the terms of this Agreement.

SECTION 5. Designated Union officers and stewards who are BU employees, will be granted official time to conduct representational activities authorized by the Statute. Official time will not be used for internal Union business.

SECTION 6. When it is necessary for a Union officer or steward to leave his workstation for representational purposes, as defined by 5 U.S.C. §7131 of the Statute, he will, in communication with the supervisor, work out an appropriate time for such absence. He will also inform the supervisor of the general purpose and general location he intends to visit.

SECTION 7. Union officers and stewards who use official time pursuant to this Agreement will submit all official time using the Automated Time, Attendance, and Production System (ATAAPS) or Employer-approved timekeeping system.

SECTION 8. The Union shall be permitted to notify employees of its meetings or other appropriate information through the Employer's e-mail system.

SECTION 9. The Union may request any and all information kept on record, in accordance with applicable laws and regulations, consistent with 5 U.S.C §7114(b)(4).

ARTICLE 10 UNION REPRESENTATION

SECTION 1. The Employer shall recognize the officers and duly designated stewards of the Union. Union stewards shall be employees from the bargaining unit. The Union will keep the Employer advised in writing of the names of its officers and stewards and will update the list as changes occur.

SECTION 2. The total number of stewards shall be reasonable and will not exceed twenty (20). The Union will not overburden an organization by appointing a disproportionate number of stewards from within the same organization. If, unbeknownst to the Union, an employee who is selected to serve as a steward has been denied a security clearance or has had his security clearance suspended or revoked, upon notification of such, the Union will rescind the selection.

SECTION 3. Union stewards and officers shall be authorized reasonable official time during duty hours to perform representational duties. There shall be no restraint, interference, coercion, or discrimination against the representative because of the performance of such duties.

SECTION 4. A Union steward or officer, while on representational duties within the terms of this Agreement, shall:

- a. Obtain the permission of the appropriate supervisor prior to leaving his assigned work area to conduct such business,
- b. Inform the supervisor of the general nature of the duty, general location, and anticipated duration,
- c. Report back to the appropriate supervisor upon return to the work area.

SECTION 5. A steward or officer of the Union may enter a work area in order to perform representational duties. Union access to employees will not be restricted on a normal or ongoing basis. If such duty is expected to be more than a momentary disruption of work, the supervisor shall be notified of the expected duration of visit. However, if the time of visit will greatly impact operations, the supervisor will notify the Union representative, explain the reason for delay, and establish a mutually-agreeable time with less impact to operations.

SECTION 6. In the interest of efficient conduct of Government business and the economical use of Government time, and in order to draw a reasonable distinction between official representational duties and non-official activities, those activities concerned with the internal management of the Union, soliciting membership, collecting dues, campaigning for Union officers, or conducting elections for employee organization will be conducted before or after scheduled working hours, or during lunch. Union stewards and officers of the Union may receive and investigate, but shall not solicit complaints or grievances from an employee.

SECTION 7. Union officers will be authorized twenty-four (24) hours official time and Union stewards will be authorized sixteen (16) hours official time within a twelve (12) month period to attend training sponsored by the Union provided the training is not solely for internal union business. Any training directly related to the Collective Bargaining Agreement (CBA) negotiation, or re-negotiation, or any management sponsored training of which the union is invited to attend will be official time and is exempt from this limitation.

SECTION 8. The Union shall submit in writing to the Director, Civilian Personnel Advisory Center (CPAC), normally fourteen (14) days in advance, any request for administrative leave for training or orientation. The request will include the following information: Name(s) of employee(s); date; time; place of training or orientation sessions; specific

subject matter to be covered. A decision will normally be rendered within seven (7) days of request.

SECTION 9. The Union is responsible for funding all Union training.

ARTICLE 11

POSITION DESCRIPTIONS AND POSITION CLASSIFICATION

SECTION 1. The Employer will advise employees where they can obtain a copy of their position description (PD) within thirty (30) days of initially being assigned to a position, and as major changes are made. An employee's supervisor shall discuss with the employee any major change he contemplates making to the employee's position description before any changes are made except under extenuating circumstances, e.g., the prolonged absence of the employee.

SECTION 2. The duties listed in job descriptions are not set forth for the purpose of limiting assignment of work. They are not to be construed as a complete list of the many duties normally to be performed under a job title or those to be performed temporarily outside an employee's normal line of work. The phrase "other duties as assigned" shall not be used as the basis for the assignment to employees of duties which are not reasonably related to their major duties, except on a temporary or emergency basis.

SECTION 3. The Employer will ensure that the official position description of record is an accurate statement of duties assigned and performed. At a minimum, the Employer will review the position description with the employee during the annual performance counseling session.

SECTION 4. Position Classification Standards are available to employees and the Union at the U.S. Office of Personnel Management (OPM) website: <http://www.opm.gov/policy-data-oversight/classification-qualifications/>

SECTION 5. If an employee believes that his position description does not accurately describe the duties assigned and/or performed, he should seek his supervisor's resolution of the concern. Consistent with the Negotiated Grievance Procedure, Article 47, if a satisfactory resolution is not reached, the employee may grieve the accuracy of his position description.

SECTION 6. An employee who believes his position is not properly classified (incorrect title, pay plan, series or grade) may file a classification appeal. A General Schedule (GS) employee may appeal directly to Department of Defense (DoD). If dissatisfied with the DoD decision, the employee may file a subsequent appeal to Office of Personnel Management (OPM). A GS employee also has the option of appealing directly to OPM, bypassing DOD channels.

ARTICLE 12 REORGANIZATION

SECTION 1. Reorganization is defined as the elimination, addition, or redistribution of major functions or duties that will change the organizational structure.

SECTION 2. The Employer shall notify the Union of pending reorganizations prior to a formal announcement to the workforce. When feasible, the Employer will meet with the Union to discuss planned reorganizations prior to making final decisions. At that time, the Union may make its views and recommendations known for consideration by the Employer. Consistent with Matters Appropriate for Negotiation or Consultation, Article 3, the impact and implementation of a reorganization will be negotiated upon request of the Union.

SECTION 3. Functions realigned as a result of a reorganization or reductions shall only be transferred to a contractor, consistent with the Article 22, Contracting Out.

ARTICLE 13 DETAILS AND TEMPORARY PROMOTIONS

SECTION 1. A detail is the temporary assignment of an employee to a different position, or to a set of duties performed for a specified period of time, with the employee returning to his permanent position at the end of the detail. A detail may be used to fill a temporary need, such as in the absence of another employee, until a position can be filled permanently under merit promotion procedures, or to accomplish a specific, short-term project. Competitive details are also a means to provide experiential, career-broadening assignments to civilians in order to develop their competencies to meet Army talent needs and their own career aspirations. A detail may be competitive or non-competitive, consistent with regulations, statutes, and this Agreement.

SECTION 2. Supervisors will select employees for detail based on merit and job-related factors. Supervisors will inform employees of management-initiated details to include the reasons, duties and estimated duration. Supervisors will establish controls to ensure that details are recorded and terminated on-time and for approving extensions prior to a detail's expiration date. Supervisors will officially document the detail and ensure performance during any detail period is documented in an employee's performance objectives and appraisal. Employees should update their resume to reflect any experience gained through a competitive or non-competitive detail.

SECTION 3. Any detail to higher-graded duties that will extend beyond one hundred-twenty (120) days, must be effected as a competitive temporary promotion.

Supervisors, subject to funds availability, will consider the use of a non-competitive temporary promotion to cover details for more than thirty (30) days, but less than one hundred-twenty (120) days. Such temporary promotions must be consistent with regulatory prohibitions that bar an employee from being temporarily promoted or detailed to higher graded duties for more than one hundred-twenty (120) days in the preceding fifty-two (52) week period unless competitive merit promotion procedures are used. A temporary promotion may be made permanent without further competition, provided the temporary promotion was originally made under competitive procedures, and the fact that it might lead to a permanent promotion was made known to all potential candidates.

SECTION 4. The supervisor will ensure the area of consideration for details and temporary promotions is appropriate for the type and duration of the anticipated need in order to minimize disruption to the organization and to ensure the right skills are available to accomplish the mission. When a detail or temporary promotion is used to fill a temporary gap in an organization or to accomplish a special, short-term project, first consideration should be given to the employees in the immediate organization that are qualified, interested and available. Competitive details will be consistent with the applicable merit promotion plan or with the conditions of the professional development program under which the opportunity is provided.

ARTICLE 14 PROMOTIONS

SECTION 1. Promotion of employees will be made on the basis of merit.

SECTION 2. The Employer agrees to publish vacancy announcements on USAJOBS. If it is known that multiple vacancies will be filled, it will be stated on the vacancy announcement. Nothing in this Article shall affect the authority of the Employer to fill positions, make selections for appointments from properly constituted, ranked, and certified candidates for promotion, or from filling positions from any appropriate source.

SECTION 3. When the Employer uses a panel (to include virtual) to fill a bargaining unit position, the Union will be notified and may nominate a disinterested non-applicant external to the organization to serve as an observer to the panel proceedings.

SECTION 4. The Employer agrees that applicants will be evaluated in accordance with the applicable Merit Promotion Plan (MPP).

SECTION 5. The Employer recognizes the importance of, and the benefits to be derived from, giving promotional opportunities to internal employees. Therefore, the minimum area of consideration in Merit Promotion will be in accordance with the applicable MPP.

SECTION 6. The Employer agrees that selections for vacancies will normally be made within fifteen (15) days after receipt of the Selection Referral List. Upon request, any unsuccessful bargaining unit applicant who was referred will be informed of the reason(s) for the selection within fifteen (15) days after receipt of the request. Supervisors are encouraged to respond to applicants who were not referred to the selecting official as to how they may improve their chances for referral.

SECTION 7. It is understood that non-selection from a properly constituted, ranked, and certified referral list is not grievable. However, an employee may grieve if he feels that a referral list was not properly constituted, ranked, and certified. The employee may have Union representation. When the Union is representing an employee, the Employer will make available for review all materials necessary to reconstitute the referral list. Any grievance filed will be consistent with the Negotiated Grievance Procedure, Article 47.

SECTION 8. Upon request to their immediate supervisor, employees will be informed how they may avail themselves of opportunities for self-improvement that will enhance their prospects for future promotion. The Employer will not deny an employee the opportunity to compete for developmental assignments or promotions.

SECTION 9. Outcomes of the performance management process impact awards and recognition, hiring and promotion decisions, effective career management, individual development plans (IDPs), succession planning, and an employee's Reduction-In-Force (RIF) retention standing. Good performance management improves employee engagement, team cohesion, employee retention and minimizes conflict. Due to its importance, the Employer will ensure the performance management system is given appropriate priority, time, and resources. Effective and frequent communication between the supervisor and the employee will eliminate surprises at the end of a rating period.

SECTION 2.

Supervisors will write SMART Objectives (i.e., specific, measurable, achievable, relevant, time-bound) and will consider employee input. Objectives will be written to ensure employees have an adequate opportunity to exceed expectations. The Employer and the Union will encourage employees to actively engage in the performance management process to include providing feedback, input on accomplishments, and the need for additional assistance, training or guidance.

For example, if the employee is unable to meet the objective due to a lack of organizational skills, the resulting PIP might include training on time management or assignment of a mentor. If the performance deficiency is caused by circumstances beyond the employee's control, the supervisor should consider other means of addressing the deficiency.

b. The PIP will afford the employee ninety (90) days to resolve the specifically identified performance deficiency. The PIP period may be extended. Where a PIP becomes necessary with less than 90 days remaining in the rating period, the rating period will be extended to allow for a 90-day PIP period.

If an impasse results, the dispute goes to the Federal Service Impasses Panel, which will determine within 60 days whether the organization's determination is supported by evidence. If it is, the Panel must act in favor of the agency. The AWS schedule may not be terminated until agreement is reached or the Panel acts. (See 5 U.S.C. 6106 and 6131(a)(3)(D).)

SECTION 3. Authorized usage of annual, sick and/or other approved leave will not preclude an employee from working overtime.

SECTION 4. The Employer shall make a reasonable effort to give the employee as much notice as possible when overtime is required, and will give due consideration to the employee's personal circumstances subject to the paramount requirement of fulfilling the mission.

SECTION 5. When it is necessary for employees to return to work outside of their scheduled work hours to perform unscheduled overtime work, they shall be paid a minimum of two (2) hours overtime. If the callback occurs on a holiday, then a minimum of two (2) hours holiday premium pay is paid.

SECTION 6. In cases of emergency where employees are not informed of overtime assignments prior to the start of the regular shifts, and are required to work more than four (4) hours beyond the end of the regular shift, an opportunity to obtain food and a scheduled break period to consume it at the worksite will be provided.

SECTION 7. The Employer may require that a Fair Labor Standard Act (FLSA) exempted employee (as defined in 5 U.S.C. §5541 (2)) receive compensatory time off in-lieu of pay for irregular or occasional overtime work, but only for FLSA exempted employees who's rate of basic pay is above the rate for a GS-10 step 10.

SECTION 8. The Employer, subject to mission needs, has the authority to excuse an employee from overtime if the employee has a justifiable emergency or unavoidable personal situation and another well-qualified employee in the same organizational element is readily available for the assignment and willing to work. The hours of overtime declined will be considered as overtime hours worked for the purpose of determining the equitability of overtime distributions.

SECTION 9. When employees are loaned to a particular work area for the purpose of supplementing the work force, the employees loaned will be given equitable consideration for the overtime.

SECTION 10. Upon request, the Union will be provided overtime records of bargaining unit employees.

SECTION 11. Compensatory Time.

a. In accordance with applicable laws and regulations, Compensatory Time may be authorized in-lieu of payment for overtime. When requested and authorized, FLSA non-exempt employees may work and accrue compensatory time in-lieu of receiving overtime. Supervisors or designee will not require FLSA non-exempt employees and exempt employees earning equal or less than GS-10, step 10 to earn compensatory time in-lieu of overtime. However, the supervisor or designee may direct FLSA exempt employees earning greater than GS-10, step 10 to earn compensatory time in lieu of receiving overtime.

b. FLSA-exempt or non-exempt employees must be paid for accrued compensatory time not used by the end of the twenty-sixth (26th) pay period after the pay period during which it was earned at the overtime rate in effect when earned. Exception - if the employee is unable to use the accrued compensatory time because of separation or placement in a leave without pay status (1) to perform service in the uniformed services or (2) because of an on-the-job injury with entitlement to injury compensation. Supervisors or designee will ensure compensatory time earned is scheduled and used within twenty-six (26) pay periods.

c. Employees on alternate work schedules are eligible to earn compensatory time. Authorized usage of annual, sick and/or other leave will not preclude an employee from earning compensatory time.

SECTION 12. Compensatory Time for Travel.

a. For the purpose of compensatory time for travel, time in a travel status includes time spent traveling between the official duty station and a temporary duty station; time spent traveling between two (2) temporary duty stations; the "usual waiting time" preceding or interrupting such travel (e.g., waiting at an airport or train station prior to departure). An "extended" waiting period (e.g., an unusually long wait during which the employee is free to rest, sleep, or otherwise use the time for his own purposes) is not considered time in a travel status.

b. Travel outside of regular working hours between an employee's home and a temporary duty station or transportation terminal outside the limits of his official duty station is considered creditable travel time. However, the supervisor or designee must deduct the employee's normal home-to-work/work-to-home commuting time from the creditable travel time.

c. To be credited under this provision, travel must be for work purposes and must be approved by the supervisor or otherwise authorized under established agency policies.

d. Travel outside of regular working hours between a worksite and a transportation terminal is creditable travel time, and no commuting time offset applies.

SECTION 13. Compensatory time off for travel is creditable and used in increments of one-quarter of an hour (15 minutes). Employees will request compensatory time prior to travel or within five (5) days of returning. Requests will be submitted via ATAAPS.

SECTION 14. The Employer agrees that overtime assignments shall be made in keeping with applicable regulations, instructions, and workload requirements. The Employer may unilaterally adjust an employee's normal regularly scheduled administrative workweek to include travel hours only when the mission of the agency necessitates such a change. If mission requirements do necessitate changing an employee's regularly scheduled workweek to include travel hours that would not otherwise be considered hours of work, the employee will be compensated in accordance with applicable law.

SECTION 15. Compensatory time for travel is forfeited under the following conditions: If not used by the end of the twenty-sixth (26th) pay period during which it was earned; voluntary transfer external to Army; movement to a non-covered position; or upon separation from the Federal Government. Under no circumstances may an employee receive payment for unused compensatory time off for travel. Exception – if an employee goes on Military Leave or LWOP (Leave Without Pay) during the twenty-six (26) pay periods, the waiting time starts over upon their return to duty.

SECTION 16. Compensatory time-off for travel may not be considered in applying the biweekly or annual premium pay caps or the aggregate limitation on pay. There is no

limitation on the amount of compensatory time off for travel an employee may earn.

ARTICLE 27

TELEWORK

SECTION 1. A telework program, actively promoted and implemented, supports workforce efficiency, emergency preparedness, and quality of life. Telework facilitates the accomplishment of work. Telework can benefit employee morale and reduce commuting stress. It enhances DoD efforts to employ and accommodate people with disabilities. Telework can also create cost savings by decreasing the need for office space and parking facilities. Telework serves as an effective recruitment and retention tool, and is a benefit to the community through cleaner air, and reduced energy consumption. Telework can be utilized to help relieve traffic congestion off-post and on-post when caused by restricted installation access and increased security precautions. While the Parties agree that the employee's use of this program is strictly voluntary and is approved at the discretion of the Employer, the supervisor will favorably consider reasonable telework requests that do not adversely impact the mission.

SECTION 2. The Employer will determine which positions in their organization are eligible for telework (regular or ad-hoc) based on DoD and TRADOC criteria for position eligibility. These decisions will be accurately maintained in the Defense Civilian Personnel Data System and will be communicated to the employee when made.

- a. Supervisors of employees desiring to telework and employees wishing to telework must complete mandatory training prior to entering into a written telework agreement and teleworking.
- b. If an employee who occupies a telework eligible position wants to telework, he will communicate his request to the supervisor. The supervisor will meet with the employee at their earliest convenience to work out the details of a mutual agreement. The supervisor will complete a DD Form 2946 (Telework Agreement). Upon agreement both parties will sign the agreement.
- c. If the supervisor denies the employee's request, he will expeditiously provide the employee his decision in writing. The denial notification will include rationale that is consistent with the Command's telework policy. If disapproved, the employee has the right to elevate the issue to his chain of command or grieve his supervisor's disapproval, consistent with the Negotiated Grievance Procedure, Article 47.
- d. The Employer will terminate a telework agreement if an employee's performance or conduct does not comply with the terms of the telework agreement. If the employee disagrees with the supervisor's decision to terminate his telework agreement, the

employee has the right to elevate the issue to his chain of command or grieve the decision consistent with the Negotiated Grievance Procedure, Article 47.

e. An employee may be required to return to his regular worksite on scheduled telework days if operational requirements necessitate. A recall to the regular worksite for operational reasons will not terminate the telework agreement.

f. As requested, the Employer will provide the Union a report of all bargaining unit positions' telework eligibility designations as well as a list of and any bargaining unit employees designated as ineligible to telework. In addition, the Employer will notify the Union in writing if an eligible position is subsequently determined to be ineligible, or if an employee's telework agreement is terminated, unless done so at the request of the employee.

SECTION 3. The employee will protect all controlled unclassified information, to include Personally Identifiable Information (PII) data, and comply with all criteria and guidelines for information and electronic security. Classified information will not be removed from the traditional worksite to an alternative worksite. No classified documents (hardcopy or electronic) will be taken to, or created at, an employee's alternative worksite.

SECTION 4. Telework Agreement.

a. A DD Form 2946 (Telework Agreement) must be signed and dated by the employee and supervisor before any telework may be worked. The supervisor will maintain approved telework agreements.

b. If emergency duties are different from the employee's normal duties, the supervisor will include a description of emergency duties within the telework agreement.

SECTION 5. The TRADOC telework program will make full use of telework-ready employees to support continuity of operations when Fort Eustis is operating during an adverse weather event or other emergency situation preventing non-emergency employees on Fort Eustis from reporting to their place of duty or remaining at their place of duty for the full workday. Accordingly, non-emergency recurring and situational telework employees:

a. who are scheduled in advance to telework on the day of an announced organization closure, delayed arrival, early dismissal, or unscheduled leave/unscheduled telework will telework their entire workday provided that all resources required to connect are available (power, VPN connection, etc.).

b. who are not previously scheduled to telework on the day an organization announces that offices are closed will telework their entire workday provide that all

resources required to connect are available (power, VPN connection, etc.) and have sufficient work to perform at the telework site. If these conditions are not satisfied, non-emergency recurring, and situational telework employees' time will be credited in the same manner that a non-telework ready employee is credited for that period of time. Non-emergency essential employees with approved leave will not normally be required to cancel their leave.

c. who do not wish to telework may elect to take unscheduled leave with the permission of their supervisor.

d. all telework agreements will include these requirements.

SECTION 6. Equipment and Supplies. If the employee is approved for telework, the Employer will provide appropriate equipment and supplies to perform assigned work at the alternative worksite.

ARTICLE 28 HOLIDAYS

SECTION 1. Employees shall be entitled to all holidays currently prescribed by law and all holidays that may later be added or designated by Executive authority. Employees are entitled to holiday benefits consistent with governing rules and regulations in connection with all Federal holidays prescribed by law. Pay for such holiday is computed in accordance with governing rules and regulations.

SECTION 2. When an employee's scheduled day off, under a compressed work schedule (CWS), falls on a holiday, the employee is entitled to an in-lieu of holiday during that pay period. If the holiday falls on Friday, and the employee's scheduled day off is Friday, the employee's in-lieu of holiday will be Thursday. If the holiday falls on Monday, and the employee's scheduled day off is Monday, the employee's in-lieu of holiday will be Tuesday. If the holiday falls on any day, other than Monday or Friday, the in-lieu of holiday will be the preceding day.

SECTION 3. The Employer will make a reasonable effort to grant annual leave to employees upon request for any religious holiday associated with the religious faith of the employee.

ARTICLE 29 ANNUAL LEAVE

SECTION 1. The employee shall earn and be granted annual leave in accordance with applicable regulations. Consistent with workload and manpower requirements, the Employer agrees that an employee's request for annual leave will be granted. In cases where the employee's request is not feasible, the supervisor and employee

will agree to alternate dates.

SECTION 2. Consistent with workload and mission requirements, the Employer is authorized to approve a request for annual leave or other appropriate leave for unforeseen personal emergency reasons.

SECTION 3. Every effort should be made by the employee to schedule leave in a manner consistent with good practices that would preclude forfeiture of annual leave. Restoration of annual leave regulations or provisions will be considered when administrative error, exigency of public business, sickness or other factors will cause employee to forfeit annual leave.

SECTION 4. Approval of annual leave is not to be presumed. It is the responsibility of the employee to ascertain that the request for leave was approved. The Employer will act on the request for leave as soon as practicable following submittal and inform the employee of the decision without delay.

SECTION 5. It is agreed that no employee shall be called back from approved leave unless an emergency arises, and no other suitable employee of that organizational element is available to perform the required duties. The parties recognize there may be some circumstances that will preclude the employee from returning to duty (e.g., out-of-state, alcohol-impaired). The employee will not face disciplinary action in these situations.

SECTION 6. An employee unable to report for duty because of a personal emergency must request annual leave or other appropriate leave from his supervisor or designee not later than two (2) hours after the start of his regularly scheduled tour of duty. If communication with the supervisor is not physically possible within two (2) hours, the employee will communicate with the supervisor, as soon as possible.

SECTION 7. Normally, an employee should schedule annual leave of more than one week, two (2) months in advance.

ARTICLE 30 SICK LEAVE

SECTION 1. Employees will accrue sick leave in accordance with applicable laws and regulations. The Union joins the Employer in recognizing the insurance value of sick leave and agrees to encourage employees to conserve such leave so it will be available to them in case of extended illness or injury.

SECTION 2. Sick leave, if available, will be granted to employees in accordance with applicable statutes and regulations when they are incapacitated for performance of their duties, (e.g., sickness, injury, or pregnancy and confinement; for medical, dental, mental or optical examination or treatment; when exposed to contagious diseases,

and when the presence of the employee at his place of duty would jeopardize the health of coworkers). Such leave shall be granted for providing care for an incapacitated family member or attending to a family member receiving medical, dental, or optical examination or treatment; making arrangements necessitated by the death of a family member or attending the funeral of a family member; arranging for the adoption of a child. Request for sick leave for medical, dental or optical examination or treatment shall be submitted for approval as soon as possible but normally not less than 24 hours in advance of the appointment.

SECTION 3. An employee unable to report for duty because of incapacitation for duty must request sick leave or other appropriate leave from his supervisor or designee not later than two (2) hours after the start of his regularly scheduled tour of duty. If communication with the supervisor is not physically possible within two (2) hours, the employee will communicate with the supervisor, as soon as possible.

SECTION 4. Periods of absence on sick leave in excess of three (3) consecutive work days must ordinarily be supported by a medical certificate to be filed upon return to duty. It is agreed and understood, however, that the Employer has the right, in accordance with 5 C.F.R. §630.405, to require that an employee furnish a medical certificate for an absence of any duration. In individual cases where there is reason to believe an employee is abusing sick leave, the employee may be required to furnish a doctor's certificate for any sick leave request. If this does not bring about the desired improvement in the employee's sick leave record, they will be advised in writing that all future requests for sick leave must be supported by a medical certificate. This requirement shall be reviewed by the immediate supervisor at the end of six (6) months to determine if it should be eliminated. The employee shall be informed in writing of the decision to cancel the requirement. When the requirement for a medical certificate is to be continued, the employee shall be informed orally and confirmed in writing of this decision by the immediate supervisor.

SECTION 5. A medical certificate will normally be filed upon return to duty to support an absence of more than three (3) consecutive workdays. In lieu of a medical certificate, the Employer has the discretion to accept an employee's signed statement explaining the nature of the absence when the illness/injury did not require the services of a medical professional. A personal signed statement for an absence in excess of three (3) days will not be acceptable where the employee has been issued a leave restriction letter that has not been cancelled or rescinded.

SECTION 6. Career or career-conditional employees who are incapacitated because of serious illness or disability should normally be advanced sick leave not to exceed 30 days (240 hours) provided there is a reasonable expectation that the employee will return to duty and remain on duty for a period sufficient to liquidate the advance by subsequent accrual.

SECTION 7. When a medical official has certified that an employee has physical restrictions that preclude the full performance of the duties of his assigned position, the Employer agrees to assign duties for a limited period of time that the employee can perform within the given restrictions and/or make reasonable adjustment(s) within the work environment, or through telework, for a reasonable period of time. Examples of adjustment may include temporary curtailment of travel (TDY), providing special equipment such as an ergonomic chair or in certain cases, temporary assignment of duties without problematic physical requirements.

ARTICLE 31 LEAVE WITHOUT PAY

SECTION 1. Employees may be granted leave without pay in accordance with provisions of applicable laws and regulations.

SECTION 2. Disabled veterans who are entitled to leave without pay, if necessary, for medical treatment, and reservists and National Guardsmen who are entitled to leave without pay, if necessary, to perform military training duties will be granted leave without pay upon request.

SECTION 3. Employees on approved leave without pay shall continue to accrue all rights and privileges, including retirement benefits and coverage under Group Life Insurance and Federal Employee Health Benefits Program, except as limited by applicable laws and regulations.

SECTION 4. Any employee granted leave without pay is required to keep the Employer notified of his or her current address.

SECTION 5. The Employer recognizes the bumping and retreat rights of an employee on approved leave of absence in situations where the employee is affected by reduction-in-force.

ARTICLE 32 FAMILY LEAVE

SECTION 1. Employees may be granted leave for family care under two separate programs. These programs are Sick Leave for Care of Family Member (formerly known as the Family Friendly Leave Act (FFLA)) and the Family Medical Leave Act (FMLA) of 1983.

SECTION 2. Employees may use accrued sick leave to care for family members' medical needs and other special conditions. Employees and managers shall follow the guidelines and conditions set forth in Title 5 Code of Federal Regulations (CFR) 630, subpart d when requesting and granting sick leave for family member care.

a. General Family Care. Employees may use up to thirteen (13) days (104 hours) of sick leave in a leave year for general family care or bereavement.

b. Serious Health Conditions. Employees may use a total of twelve (12) weeks (480 hours) of sick leave in a leave year to care for a family member with a serious condition. Serious health conditions include conditions such as cancer, heart attacks, pregnancy, stroke and severe injuries. It is not intended to cover short-term conditions for which treatment and recovery are brief such as common colds.

c. Limit of use. Any sick leave used for general family care purposes is deducted from the twelve (12) week maximum. Employees that have used twelve (12) weeks of sick leave in the leave year for a family member with a serious health condition, cannot use an additional thirteen (13) days for general family care.

SECTION 3. The Family Medical Leave Act (FMLA) of 1993 is eligible for use by employees meeting certain criteria. Entitled employees may use up to a total of twelve (12) administrative workweeks (480 hours) of unpaid leave during a twelve (12) month period for family members and conditions outlined in 5 CFR 630 Subpart L. Under FMLA, family member is restricted to spouse, son, or daughter, or parent. Employees may elect to substitute paid leave for any or all of the time covered in accordance with 5 CFR 630.1206. Employees and supervisors shall follow guidelines set forth in 5 CFR 630 Subpart L when requesting and granting leave under FMLA.

a. General. The supervisor will grant leave when requested by an employee for family and medical leave in accordance with applicable law, regulations and subsequent amendments. The supervisor will ensure employees' time and attendance records are properly coded using the Automated Time, Attendance, and Production System (ATAAPS) or Employer approved time-keeping system.

b. Entitlement. Employees are eligible for twelve (12) workweeks of unpaid leave during any twelve (12) month period for the following purposes:

- (1) Birth of the employee's son or daughter and subsequent care of the infant;
- (2) Placement of a son or daughter with the employee for adoption or foster care;
- (3) Care of the employee's spouse, son, daughter or parent who has a serious health condition; or
- (4) Employee's own serious health condition that makes him unable to perform one or more of the essential function of his position.

c. Intermittent Use. An employee may use the twelve (12) weeks of leave intermittently. An employee may elect to substitute annual leave or sick leave,

consistent with applicable laws and regulations for using annual and sick leave, for any unpaid leave under the FMLA. FMLA leave is in addition to other paid time off available to an employee.

d. Protection of Job Benefits. Upon reporting for duty, the employee must be returned to his same position or to another position with equivalent benefits, pay, status and other terms and conditions of employment. Employees who take leave are entitled to maintain health benefits coverage and may pay their share of health insurance premiums on a current basis or following return to work.

e. Advance Notice and Medical Certification. Employees will provide the Employer written notice of their intent to take family and medical leave as soon as practical, under the circumstances. The employees will provide the Employer medical certification of the covered person's serious health condition.

SECTION 4. Supervisors will advise employees of the different types of leave available.

ARTICLE 33 VOLUNTARY LEAVE TRANSFER PROGRAM

SECTION 1. The Employer will publicize the availability of the Voluntary Leave Transfer Program (VLTP), consistent with applicable laws and regulations.

SECTION 2. The VLTP allows employees to donate annual leave to another employee who has a personal or family medical emergency, has exhausted his available paid leave, and is expected to be absent from duty for a prolonged period which may result in a substantial loss of income.

a. A medical emergency is a medical condition of either the employee or the employee's family member that is likely to require the employee to be absent from duty for a prolonged period.

b. The threshold for "a substantial loss of income" is an absence (or expected absence) from duty without available paid leave for at least twenty-four (24) work hours for a full-time employee, or a prorated equivalent period for a part-time employee.

SECTION 3. An employee will apply in writing to his supervisor to become a leave recipient. If the employee is not capable of making a written application, a personal representative may complete and submit the application on behalf of the employee.

SECTION 4. Approval or Disapproval.

a. The supervisor must determine that the employee's absence from duty without available paid leave because of the medical emergency is (or is expected to be) at least twenty-four (24) work hours, which may be consecutive or intermittent.

b. The employee's supervisor, in conjunction with the CPAC, will review the employee's application and notify the employee of the approval or disapproval within ten (10) days after the date the application is received. If disapproved, the supervisor will give the reasons for disapproval.

SECTION 5. There is no limit on the amount of donated annual leave that a leave recipient may receive from the leave donor(s). However, any unused donated leave must be returned to the leave donor(s) when the medical emergency ends.

SECTION 6. The supervisor will monitor the status of the medical emergency to ensure that it continues to affect the leave recipient. When the medical emergency terminates, the supervisor may not grant further requests for transfer of leave. Even though an employee may not be currently affected by a medical emergency, a supervisor may determine a medical emergency continues for the purpose of providing the employee time to receive adequate donations of leave (e.g., to compensate for a previous period of leave without pay or to liquidate an indebtedness for advanced leave).

ARTICLE 34 COURT LEAVE

SECTION 1. Court leave will be granted in accordance with applicable laws and regulations to an employee who is summoned to act as a witness before a court on behalf of the United States Government, state or local governments, or perform jury duty in any court of law. When an employee is called to serve as a witness or juror, he will immediately notify his supervisor or designee and submit a copy of the subpoena or summons. Upon completion of service, the employee shall submit documentation of the dates and times served.

SECTION 2. An employee, who is summoned as a witness in an official capacity on behalf of the Federal Government, is considered to be on official duty rather than court leave.

SECTION 3. If an employee is excused from court with sufficient time to return to duty for at least two (2) hours the employee will either return to duty or be in an approved leave status.

SECTION 4. Employees must reimburse fees earned for services as a witness or juror. However, any payments designated by the courts as expenses may be retained by the employee. In courts under the jurisdiction of the Commonwealth of

Virginia, all payments are deemed to be for expenses and can be retained by the employee.

ARTICLE 35 EXCUSED ABSENCES

SECTION 1. Employees are encouraged to volunteer as candidates for any of the variety of medical donor programs, including blood, bone marrow, and organ donor/transplantation programs. Employees participating in such programs should be excused from work without charge to leave within the parameters outlined below.

a. Employees who donate blood may be granted excused absence to cover travel to and from the donation site, the donation of blood and recovery. This provision is not intended to cover an employee whose donations involve the need for recurring absence over an extended period or situations in which the employee has blood stored for his own use. Authority to excuse an employee for blood donations rests with immediate supervisor. The maximum excusable time will not exceed four (4) hours except in unusual circumstances.

b. An employee may use up to thirty (30) days of paid time off each calendar year to serve as an organ donor. Supervisors must ensure authorized limits are not exceeded. In cases where medical procedures and recuperation require absences longer than thirty (30) days, the supervisor is encouraged to continue to accommodate employees by granting additional time-off under other leave policies; i.e., annual, sick, advanced leave, donated leave or leave without pay.

c. Bone marrow donors may use up to seven (7) workdays (i.e., 56 hours) of paid leave each calendar year to serve as a bone marrow donor. In cases where medical procedures and recuperation require absences longer than seven (7) workdays (i.e., 56 hours), the supervisor is encouraged to continue to accommodate employees by granting additional time-off under other leave policies; i.e., annual, sick, advanced leave, donated leave, leave without pay.

SECTION 2. The supervisor has discretionary authority to grant an excused absence for voting to the extent that such time off does not interfere with operations. Where the polls are not open at least three (3) hours either before or after an employee's regular work hours, the supervisor may grant a limited amount of excused absence to permit the employee to report for work three (3) hours after the polls open or leave from work three (3) hours before the polls close, whichever requires the lesser amount of time away from work. An employee's "regular work hours" should be determined by reference to the time of day the employee normally arrives at and departs from work.

SECTION 3. Employees may be granted a reasonable amount of excused absence to participate in an employment interview with a DoD organization within their commuting area.

SECTION 4. Employees may be granted excused absences for other purposes in accordance with appropriate regulations and this Agreement.

SECTION 5. Supervisors may occasionally grant excused absences for less than one (1) hour.

ARTICLE 36

CAMPAIGNS, DRIVES, GIFTS, AND VOLUNTEER ACTIVITIES

SECTION 1. The Parties recognize the importance of employee participation in authorized charitable fund-raising campaigns, savings programs, donor programs, and other charitable and humanitarian activities. This may include the Combined Federal Campaign, Army Emergency Relief Fund, blood drives, food drives, coat drives, school supply drives, etc., when approved by a GO/SES or organization head of the Employer. It is agreed that such participation shall always be voluntary and that the Employer and the Union shall not coerce employees to participate in such events.

SECTION 2. Contributions from employees and participation by employees to solicit contributions shall be voluntary. There shall be no coercion of any employee to contribute or participate and no expectation of any level of contribution.

SECTION 3. Employees may not solicit or accept anything of monetary value, including gifts, gratuities, favors, entertainment or loans from any individual or business who: (1) has or is seeking to obtain contractual or other business or financial relations with the Army or Department of Defense, (2) conducts operations or activities that are regulated by the Army or Department of Defense and, (3) has interests that may be substantially affected by the performance or non-performance of an employee's official duties.

SECTION 4. The Employer or an employee will not seek an employee or co-worker's contribution to a gift for his supervisor (or a supervisor within his chain of command) with the following exception: employees may voluntarily give a gift of a nominal amount (up to \$10) or a donation of a nominal amount made on a special occasion such as marriage, illness, transfer, or retirement. An employee may not accept a gift from someone who is paid less than them, unless that person is not a subordinate or a personal relationship justifies the gift. These restrictions do not apply to donations of leave covered in Article 33, Voluntary Leave Transfer Program. If a supervisor, employee or the Union has any questions on this prohibition they should seek the advice of an Ethics Attorney in the Staff Judge Advocate's Office.

SECTION 5. The Employer and the Union recognize the value of employee participation in volunteer activities, while giving due consideration to the effect of an employee's absence or change in duty schedule on work operations or productivity.

Supervisors, mission-permitting, will provide for the flexible use of work schedules and leave, consistent with other provisions in this Agreement, to support an employee's volunteer activities.

SECTION 6. Supervisors may authorize an excused absence to permit employees to participate in volunteer activities, approved by a GO/SES or organization head, that do not adversely impact mission capability. The supervisor has discretion to excuse employees from their duties without loss of pay or charge to leave. An excused absence is not appropriate for individual acts of community service. The granting of an excused absence for volunteer activities should be limited to those situations in which the employee's absence is not specifically prohibited by law and which satisfies one or more of the following criteria:

- a. The absence is directly related to the Department of the Army's mission;
- b. The absence is officially sponsored or sanctioned by the Employer;
- c. The absence will clearly enhance the professional development or skills of the employee in his current position; or
- e. The absence is brief and is determined to be in the interest of the Employer.

ARTICLE 37 CIVILIAN HEALTH AND RESILIENCY

SECTION 1. The Employer and the Union are committed to actively supporting holistic health for employees. Both Parties recognize the importance of employee health and well-being and will support employees' participation in physical fitness programs (nutrition classes, screening services (e.g., blood pressure checks/cholesterol screenings), smoking cessation classes, resilience training, and other activities with the community that improve holistic health efforts.

SECTION 2. Employees are responsible for their individual health and well-being. They should be flexible and consider requesting work and meal period schedule changes to accommodate participation in wellness activities.

SECTION 3. The Employer may, on a one-time basis, authorize up to three (3) hours of administrative leave per week for up to six (6) months for employees to participate in command-sponsored physical fitness training, evaluation and education. Supervisors should promote and support physical fitness-related programs for the maximum six (6) month period authorized by regulation and utilize flexible work schedules thereafter to encourage continued employee physical fitness participation.

SECTION 4. Excused absence for wellness activities is not an entitlement. However,

supervisors will, to the extent possible (i.e., mission permitting), adjust employee's work schedules and meal periods to accommodate sanctioned wellness activities so as to keep the use of excused absence to a minimum.

ARTICLE 38

EMPLOYEE ASSISTANCE PROGRAM

SECTION 1. The Employee Assistance Program (EAP) is provided by the Employer to help employees with personal or work problems before they interfere with productivity and affect well-being. These programs, which are cost-free to employees, are designed to help employees address and overcome problems such as alcohol and substance abuse, work and family pressures, and job stress which can adversely affect an employee's performance, reliability and personal health. Often an employee's unrecognized and unresolved personal or work problems can affect the morale of fellow workers and the overall effectiveness of the organization. Through non-disciplinary procedures, the EAP provides an employee with alcohol, drug, or personal difficulties with counseling, referral, and rehabilitation assistance in order to return his job performance, attendance, or conduct to acceptable levels. The Employer and the Union will actively encourage employees to seek EAP assistance at the earliest indication of need.

SECTION 2. The Employer and the Union shall have as a goal, early identification and motivation for rehabilitation of possible cases of alcoholism, substance abuse, or other personal difficulties which may affect job performance. Both Parties agree to cooperate in aiding the employee whose work performance indicates a problem by referring the employee to the EAP for professional screening and diagnosis. The employee will be informed that he will be held accountable and unless his problem is corrected, he may be subject to disciplinary and adverse action procedures for inappropriate conduct and unsatisfactory job performance.

SECTION 3. The Parties recognize that medical or behavioral problems of an employee and/or members of his immediate family, can interfere with an employee's job performance, attendance, or conduct. It is in the best interests of both the Employer and the Union to assist employees. The Union therefore agrees to support the Employer-provided EAP.

SECTION 4. A key element in assisting an employee in need of rehabilitative treatment is for the employee to recognize the problem and be willing to accept treatment. Participation by bargaining unit employees in all aspects of the EAP is voluntary. No employee will have his job security or promotional opportunities jeopardized by his request for counseling or referral assistance, except as may be required by applicable law. EAP records will be preserved in the same manner as medical records. These records are protected by strict confidentiality laws and regulations and by professional ethical standards for counselors, and will not become

part of the employee's Official Personnel Folder. Exceptions, as required by law, are cases where employees express the intention of harming themselves or others, or the mandated reporting of child and elder abuse.

SECTION 5. If the employee enters the EAP, counseling, referral, and rehabilitation assistance will be provided in accordance with applicable regulations. The initial counseling session with a designated EAP representative will be conducted on official duty time. The employee will normally be granted sick leave, annual leave, or leave without pay for any subsequent medical treatment and rehabilitation under the EAP.

SECTION 6. Once an adverse action has been initiated against an employee who previously refused rehabilitation assistance or did not successfully complete rehabilitation, once enrolled, the proposed adverse action need not be delayed as a result of the employee's subsequent request for rehabilitation.

SECTION 7. The Employer will offer EAP supervisor and employee training as needed. Union officers and stewards may attend such training on duty time. The Employer will publicize the EAP, to include assurances of confidentiality for participants.

ARTICLE 39 SEXUAL HARASSMENT

SECTION 1. All employees, management officials and supervisors are to be treated with dignity and respect. Any form of harassment, to include sexual harassment, within our ranks is unacceptable conduct and will not be tolerated. Harassment undermines the integrity of the employment relationship. Harassment becomes unlawful where 1) enduring the offensive becomes a condition of continued employment, or 2) the conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive. The Employer and Union are committed to a work environment free from any form of harassment, which debilitates morale and interferes with the productivity of the organization.

SECTION 2. Sexual harassment involves overt or implied unsolicited comments, gestures, or physical contact of a sexual nature which are unwelcome, or the creation of a hostile work environment. Sexual harassment is a prohibited personnel practice when it results in discrimination for or against an employee on the basis of conduct not related to performance, such as taking or refusing to take a personnel action such as a promotion depending upon an employee's submission to or rejection of such behavior. The Employer's policy on the prevention of sexual harassment will be published and easily accessible to all employees.

SECTION 3. The Employer retains the right to administer appropriate discipline in instances where any individual has been properly found to have engaged in sexual

harassment.

SECTION 4. If a bargaining unit (BU) employee believes that harassment has occurred, he is strongly encouraged to pursue the matter through appropriate channels (e.g., management officials, chain of command, chaplain, etc.).

ARTICLE 40 WORKPLACE VIOLENCE

SECTION 1. The Parties agree to collaboratively and proactively maintain a work environment that is free from violence, threats of violence, harassment, bullying, intimidation, or other disruptive behavior. All supervisors and employees are responsible for maintaining a safe work environment. Violators will be held accountable for any behavior or action that creates a hostile or unsafe work environment.

SECTION 2. All Employees including supervisors, management officials and the Union will:

- a. Refrain from making threats or engaging in workplace violence.
- b. Promptly report all acts or threats of violence to their immediate supervisor and/or appropriate military and civilian authorities.
- c. Report all incidents of any person who is the subject of, witness to, or victim of threatening behavior or a violent act with direct connection to the workplace to their immediate supervisor or appropriate military or civilian authority.

SECTION 3.

a. Reported incidents of acts or threats of workplace violence will be reviewed by the appropriate management official and where evidence of such conduct exists an appropriate investigation will be conducted. All reported incidents of violence, threats, harassment, intimidation and other disruptive behavior, to include that reported by the Union on behalf of a bargaining union member(s) will be taken seriously. When such reports are validated by factual evidence or require additional investigation, appropriate action will be initiated. Appropriate action may include:

- (1) Removal from the premises;
- (2) Denial of re-entry pending completion of appropriate investigation;
- (3) Removal from Federal Service, criminal prosecution, or both.

b. Any proposed or final action taken in response to a report or investigation will provide the involved employees appropriate due process. Grievance and appeal rights will be consistent with the requirements of this Agreement, Federal statute and/or DOD or Department of Army regulations.

SECTION 4. All employees will complete any mandated training related to prevention of violence and response program that the Employer or higher echelons of command establish. The Union will be notified of mandated training requirements and will be permitted to attend any supervisory training on official time.

ARTICLE 41 EMPLOYEE WITH DISABILITIES

SECTION 1. The Employer agrees to comply with provisions of the Rehabilitation Act of 1973, as well as all other applicable laws and directives in order to fulfill its legal obligations to employees with disabilities.

SECTION 2. The Employer agrees to publicize regulations, policies, and procedures related to the employment of employees with disabilities in a timely and appropriate manner.

SECTION 3. The Employer and the Union will actively support ongoing efforts to accurately record disability codes in the Defense Civilian Personnel Data System (DCPDS) for analysis and reporting requirements.

ARTICLE 42 WORKPLACE SAFETY

SECTION 1. Safety on the job is of utmost importance; the Employer and Union will jointly promote good safety practices.

SECTION 2. The individual employee will observe safe work practices and follow all safety-related rules and practices in order to protect himself and his co-workers. The employee will immediately report all accidents and unsafe conditions to their supervisor.

SECTION 3. The Employer will make a reasonable effort to provide and maintain safe working conditions and occupational health protection for the employees. Employees are encouraged to report any safety, health, or comfort issues to their supervisor.

SECTION 4. The Union may appoint a member to attend the local Safety Council sponsored by activities covered by this Agreement.

SECTION 5. The Employer shall provide adequate and clean toilet facilities, as near to the normal duty area as reasonably possible and to the minimum number required by established standards.

SECTION 6. The Employer recognizes the importance of the physical environment and its impact on personal comfort, productivity, and overall health. The Employer will make every reasonable effort to maintain the working temperature and humidity levels within workspaces to those recommended by the Army and the U.S. Department of Labor.

ARTICLE 43 ON-THE-JOB INJURY OR ILLNESS

SECTION 1. In accordance with applicable laws and regulations, employees will report to their supervisor all injuries or illnesses, which occur on the job, as soon as possible. If the employee is physically unable to do so, a personal representative should submit the report.

SECTION 2. The Employer will provide emergency treatment and transportation necessary to secure treatment in incidents of on-the-job injuries.

SECTION 3. Employees who are injured on the job will be initially referred to an appropriate medical facility for emergency treatment consistent with the nature and extent of the injury. However, following the initial treatment, the employee retains the right to receive follow-up treatment for the injury from a physician of his choosing.

SECTION 4. If an on-the-job injury occurs during an employee's regular tour of duty, time spent related to evaluation and treatment of the injury will be considered duty time for pay purposes on the day of injury. No overtime will be authorized for time spent in medical evaluation and treatment occurring after normal duty hours, unless the employee is already working in an approved overtime status when the on-the-job injury occurred. The supervisor will ensure employees' time and attendance records are properly coded using the Automated Time, Attendance, and Production System (ATAAPS) or Employer approved time-keeping system.

SECTION 5. The Union will encourage employees to fulfill their responsibilities under the Federal Employee's Compensation Act, to promptly complete required documentation, and to seek prompt medical treatment for all injuries.

ARTICLE 44 EMPLOYEE DRESS

The Parties agree that the items of clothing worn by an employee shall be neat, clean, well maintained, and generally suitable for the job to which assigned.

ARTICLE 45 SMOKING POLICY

SECTION 1. The Parties agree to support the established installation smoking policy, and to solicit the cooperation of bargaining unit members in complying with the policy. Smoking is prohibited in the Employer's facilities, and those who smoke must do so in designated outside areas.

SECTION 2. Smoking areas which are reasonably accessible to employees and which provide a measure of protection from the elements, will be designated, when possible. These areas will be reasonably beyond the points of ingress/egress and away from potential fire hazards.

ARTICLE 46 ALTERNATIVE DISPUTE RESOLUTION

SECTION 1. The Parties embrace the use of an Alternative Dispute Resolution (ADR) program to facilitate the informal resolution of workplace issues and to foster open and transparent communication. The Parties agree an effective ADR program can improve working relationships and resolve workplace issues in an amicable, timely, and cost effective manner. The Parties support the use of the ADR approach to augment the negotiated grievance process consistent with the Negotiated Grievance Procedure, Article 47 of this Agreement to potentially, avoid time-consuming administrative appeals and costly, arbitrations, or litigation. The use of any ADR program will be consistent with program policy and guidance that will be negotiated between the Parties.

SECTION 2. While any party may request ADR, its use is dependent on all parties agreeing to its use.

SECTION 3. The ADR program will utilize the mediation method of resolution. Mediation provides for a neutral third party to assist in developing solutions and negotiating agreements between the parties. The mediator does not render a decision. Instead, he works with the parties to help them achieve their own settlement. If a settlement agreement is reached, it will be reduced to a written agreement between the Parties. Each employee is entitled to a designated personal

representative of their choosing throughout the ADR process provided such designated representative does not present a conflict of interest between his representational role and his official employee duties.

SECTION 4. By agreeing to use ADR to resolve issues, neither the employee, the Employer, nor the Union waive the right to pursue administrative or judicial relief for the claim or claims at issue if the ADR attempt is unsuccessful. ADR may be utilized before and/or after an employee has filed a grievance. Participation in ADR does not waive the requirement to initiate a timely, grievance, complaint, or appeal. Should the parties agree to participate in ADR, the parties voluntarily agree to extend timelines established by the agreement during the ADR process. Because the ADR is a voluntary program, any party may terminate its participation at any time during the process.

SECTION 5. When feasible, the Parties agree to use trained mediators from the Employer's workforce. When an acceptable mediator is not available to the Parties from the internal workforce, the Employer will work with Army and DoD Staff to identify available mediators in the local area. In rare cases, mediators from outside the commuting area may be used. The Employer will pay all travel costs if it agrees to obtain the services of a mediator outside the commuting area.

SECTION 6. The Employer will periodically educate the workforce about the ADR program. In addition, the Parties will encourage employees and supervisors to use the ADR program to facilitate resolution of issues. Any changes to the ADR program will be negotiated with the Union prior to implementation.

ARTICLE 47 NEGOTIATED GRIEVANCE PROCEDURE

SECTION 1. A grievance is defined in Appendix A of this Agreement. The Parties agree that the expeditious resolution of grievances at the lowest possible level is in the best interest of all concerned. The grievance procedure is not an adversarial process. The objective of this procedure is to provide a systematic and equitable process for resolving issues or concerns affecting conditions of employment. The proper use of this procedure can facilitate open and transparent communication and promote productive, harmonious and respectful work relationships that support mission accomplishment.

SECTION 2. The following matters are excluded from the Grievance Procedure:

- a. Denial of reemployment priority rights;
- b. Denial of reinstatement rights;
- c. Denial of military restoration rights;

- d. Position classification decisions;

- i. Removal of probationary employees;

- l. Allegations of mismanagement;
- m. EEO Complaints;

SECTION 3.

a. In compliance with the Statute, an employee may elect to appeal the following actions to the Merit Systems Protection Board (MSPB) under the procedures prescribed by the MSPB, or to pursue the matter through the grievance/arbitration system, but not both. The election, once made, is final:

- (1) removal;
- (2) a suspension for more than fourteen (14) days;
- (3) a reduction in grade;
- (4) reduction in pay; and
- (5) a furlough of thirty (30) days or less.

b. A grievance filed under Section 3 of this article will be submitted to the designated grievance deciding official of the Employer or his designee within thirty (30) days of the effective date of the action.

SECTION 4. Employees may file a grievance, either singularly or jointly, or by the Union on behalf of the employee. Regardless of Union membership, employees shall not be precluded from bringing matters of personal concern to the attention of appropriate officials in accordance with applicable law, rule, regulation, or established policy. Consistent with this article, an employee or group of employees in the unit may be represented only by the Union, or by a person approved by the Union, in filing a grievance.

SECTION 5. A formal grievance should be submitted to a supervisor who has the authority and intent to resolve the grievance. If not resolved at the first level, it will be submitted or advanced to the next deciding official authorized to resolve the grievance. The Employer, CPAC, and the Union will discuss the appropriate deciding official in instances when this may be at issue. The Parties agree to approach and resolve grievances in an objective and respectful manner.

SECTION 6. The Employer and the Union expect employees and supervisors to make a sincere effort to reconcile differences and matters of concern. When those efforts are unsuccessful, the following procedure is established to resolve the grievance:

Step 1.

a. Grievances must be presented within twenty-one (21) days after the date of the event which precipitated the grievance or within twenty-one (21) days of the date the employee became aware of the event leading to the grievance (whichever is later), unless an extension is mutually agreed to by the parties. Grievances shall not be presented after the established time limit except in cases where timely presentation was due to circumstances beyond the employee's control.

b. The employee will address his concerns informally with the immediate supervisor and should notify the Union accordingly. Unless an extension is mutually agreed to by the parties, the supervisor will meet with the employee within five (5) days unless either party is in a leave status or TDY. In that case, they will meet on the first day upon return to the office of the employee or supervisor unless an extension is mutually agreed to by the parties. A decision on the issue or concern will be made in writing within seven (7) days of the supervisor-employee meeting, unless an extension is mutually agreed to by the parties. A copy of the Step 1 decision will be provided to the Union and the next level supervisor. The next level deciding official will be identified in the written decision. If the grievance is unresolved or the supervisor fails to provide a response within the prescribed time limit, and no extension of time was agreed upon, the grievance may be advanced to Step 2.

Step 2. If the grievance is not resolved at Step 1, a formal grievance may be submitted. The grievance will be forwarded to the next level supervisor provided the management official above the immediate supervisor's level has the authority to resolve the issue presented. The formal Step 2 Grievance must state the issue(s) and the corrective action or relief sought. The formal Step 2 Grievance must be submitted within seven (7) days from receipt of the Step 1 decision, unless an extension is mutually agreed to by the parties. A written decision to the Step 2 Grievance will be provided within seven (7) days of receipt of the formal grievance, unless an extension is mutually agreed to by the parties. If a meeting is requested for the parties to discuss the Step 2 Grievance, it should be scheduled within fourteen (14) days of receipt of the Step 2 Grievance. A written decision will be issued within seven (7) days of the meeting unless an extension is mutually agreed to by the parties. If the grievance is denied, the written decision will fully articulate the rationale for the denial. Two copies of the decision will be provided to the Union for their use and the employee's and will identify the next level deciding official or his designee. If the grievance is not resolved at Step 2 it may be advanced to Step 3.

Step 3. If the grievance is not resolved at Step 2, the grievance may be advanced in writing to the deciding official or his designee within fourteen (14) days of receipt of the Step 2 decision, unless an extension is mutually agreed to by the parties. A written decision to the Step 3 grievance will be provided within twenty-one (21) days of receipt of the formal grievance. If the grievance is denied, the decision will fully articulate the rationale for the denial. If a meeting is necessary for the parties to discuss the grievance, it should be scheduled within a timeframe mutually agreed to by the parties. If a meeting is necessary, the written decision will be issued within fourteen (14) days of the meeting. The step 3 decision is the final decision under these grievance procedures. Two copies copy of the decision will be provided to the Union. Consistent with the Arbitration, Article 49, grievances not resolved through this grievance procedure may be referred for binding arbitration.

SECTION 7. A reasonable amount of time will be granted to an employee (Duty Time) and the Union (Official Time) to investigate, prepare, and present a grievance; however, no overtime will be paid in order to do so.

SECTION 8. No representative of the Union will solicit grievances from employees.

SECTION 9. If two or more employees initiate identical grievances (and management and the Union mutually agree that the grievances are identical), the Union will submit a group grievance on behalf of all affected employees. In this case, the grievance decision will be applicable to all.

ARTICLE 48

Union grievances shall be filed in writing through the Civilian Personnel Advisory Center (CPAC) to the Employer by an officer of the Union; with approval of the Union President. The grievance shall specify the basis for the grievance and the corrective action sought. Within fourteen (14) days after receipt of a grievance, representatives of the Parties will meet to discuss the grievance. A written decision will be issued within fourteen (14) days of meeting.

SECTION 3. Consistent with the Arbitration Article 49, grievances not resolved under this Article may be referred to Arbitration.

SECTION 4. Grievability or arbitrability issues if unresolved will be handled as threshold issues at arbitration.

ARTICLE 49

ARBITRATION

SECTION 1. Consistent with the Negotiated Grievance Procedure, Article 47 and the Grievance Between Parties, Article 48, when a matter pursued through the grievance procedure or grievance between parties, is not satisfactorily resolved, the grievance may be referred to arbitration upon written request of the Employer or the Union. The request to invoke arbitration must be submitted within twenty-one (21) days of receipt of the decision completing the negotiated grievance procedure. Only the Parties to this Agreement may invoke arbitration.

SECTION 2. Within fourteen (14) days from the date of receipt of the request to invoke arbitration, the Employer and Union will jointly request the Federal Mediation and Conciliation Service (FMCS) to provide a list of five (5) arbitrators. The Party requesting arbitration is responsible for payment of the processing fee to FMCS. Representatives of the Parties will meet within nine (9) days of receipt of the list of arbitrators to select one to hear the grievance. One party will strike a name from the list and then the other party will strike a name. This process will be repeated until there is but one name left, who is the person who shall be requested to arbitrate the matter. A flip of a coin will decide which party strikes first.

SECTION 3. The arbitrator's fee, including travel and per diem expenses, will be borne equally by the parties. The Employer will provide a hearing room from those facilities situated on the Employer's premises. Either Party may obtain a transcript at its own expense. If the Parties agree that a transcript is necessary, the cost will be shared equally by the Parties. If an arbitrator requests a transcript, the Parties will share the cost equally.

SECTION 4. The arbitrator shall conduct such investigation as he deems necessary. Should a hearing be necessary, it will be conducted at Fort Eustis, Virginia during the usual scheduled workdays and hours. Employee witnesses, if otherwise in a regular pay status, will be considered to be on duty time while participating. The power of the arbitrator may be exercised in the absence of either party who, after due notice, fails to be present or obtain a postponement. The award of the arbitrator, however, must be supported by evidence. It cannot be based solely upon default of one of the parties.

SECTION 5. The arbitrator shall be requested by the parties to render his award as soon as possible and if at all possible, to do so within thirty (30) days after completion of the hearing.

SECTION 6. The arbitrator shall not have the right to add to or modify this Agreement in any manner.

SECTION 7. The arbitrator's decision shall be final and binding, except that either Party may appeal the decision in accordance with Statute.

ARTICLE 50 UNFAIR LABOR PRACTICES

SECTION 1. All informal issues will be filed, in writing with the Employer or the President, NAGE, Local R4-12. The thirty (30) day informal resolution period will begin on the date the written notification is received.

SECTION 2. The Employer and the Union agree that the resolution of issues that arise under 5 U.S.C. §7116, Unfair Labor Practices (ULP), will be handled informally and between the Parties, before formally being evaluated to the Federal Labor Relations Authority (FLRA). In an effort to resolve such issues, it is agreed that the informal resolution period shall not exceed thirty (30) days. If after sixteen (16) days, the Union is unable to obtain the relief it seeks, they will notify the Deputy Chief of Staff, G-1/4 (DCS, G-1/4) and seek assistance in informally resolving the issue(s). The DCS, G-1/4, as the Employer's designated representative, will engage all parties involved in the ULP and attempt to mitigate the Union's need to file a ULP.

SECTION 3. If no informal resolution is reached during the thirty (30) day period (which includes the time in which the DCS, G-1/4 was engaged), or the practice continues, the ULP may be forwarded to the FLRA in accordance with applicable law

and regulations. It is recognized, however, that all time limitations prescribed in FLRA regulations concerning the filing of ULP's apply and are not otherwise affected by the informal resolution period.

SECTION 4. The DCS, G-1/4 will sign and submit any formal ULP complaint on behalf of the Employer to the FLRA. The President, NAGE Local R4-12 will sign and submit a Union-initiated ULP with the FLRA.
